

Enrichment Options Booklet

September – December 2024

We believe that success should not only come in the classroom, during our time with us, we want our young people to find their passion beyond the academic, and have the opportunity to grow and nurture this. We want our young people to find new talents and pursue these in a supportive and dynamic environment. We have a commitment that every child, regardless of background, can choose to take part in extra-curricular activities, trips and community engagement throughout their time in school.

Look through this booklet to find something you want to do for your enrichment in your first term with us. You can progress with this across the year, or change as you try multiple new skills.

You will not need to bring anything with you to the enrichment and materials will be provided for you unless stated otherwise.

You can do more than one enrichment activity in a week.
